About Prayas Gramin Vikas Samiti

PRAYAS is a non-political, non-religious social organization. It is striving hard to achieve the rights after creating awareness among Dalit, backward and depressed class. It is gird up with confidence for social development and changes along with national sensation. Deep access has been the motto of our organization and socio-economic development is occurring very rapidly. Hence owning the combined efforts of the fraternity and cautious, it has established its recognition among administration and government.

It is well established social action NGO at Phulwarisharif in Patna District of Bihar. PRAYAS is registered under the society act 21, 1860. The organization started to work in the villages in 1982. Some young friends who had been together throughout the “Sampurn Kranti Andolan” are Jay Prakash Narayan from 1947 to 1977. Some French volunteer’s encouraged the local youth to join for social action. They guided the young men to form a society for social actions.

Prayas is also serving in those areas of Bihar, which are indeed socially and economically backward. Poverty and backwardness is deep rooted in Bihar, caste structure plays a major role but Bihar has witnessed every agitation and revolutions. At present feudal malice and political crimes of various private arms organizations has lead cold blooded war.

PRAYAS has extensively worked with Dalits, Musahars, women, children and deprived sections of our society. Prayas is committed to work for social change through awareness and capacity building for social actions and economic empowerment of these sections. It has helped people to organize themselves to seek rights and justice through non-violent actions and protest through this process. They have been realized and aware of many of their flaws from time to time by Prayas through organizing social activity.

Projects

- ❖ **EC- EIDHR: - Securing the rights of minorities and people affected by caste-based discrimination in India**

To enhance access to justice and basic services for minorities and people affected by caste-based discrimination in four states of India through advocacy, capacity building and community-led monitoring of laws and policies.

Leadership trainings for Human Rights Defenders, Leadership training module, and database to track atrocities, Compilation of case studies on atrocities against Muslims- Consultancy, Increased access to justice for Dalits, DNTs and Muslims through community-led monitoring of and advocacy for implementation of laws, schemes and policies., Victim support for rehabilitation, Annual campaign and advocacy activities, Muslim, Dalit and DNT Human Rights Defenders (HRDs) have enhanced capacity to defend their rights and have organic linkages with Government and administrative machinery.

- ❖ **Church's Auxiliary for Social Action (CASA):- Strengthening of marginalized community for sustainable livelihood through rights & entitlements**

Disadvantaged population groups in Bihar have knowledge of and access to government programs and their rights to contribute to a just and peaceful society where natural resources are used and good governance is practiced

Community Based organizations have been formed and organized in different nature such as issue based groups, youth and women groups. These groups will be capacitated through regular awareness programmes, orientation, capacity and skill building programmes and trainings. Community leaders from the reference community mentioned above will be supported and promoted to strengthen civil society actions in the state. The target community has access to resources to secure their livelihood. Community organizations carry out collective actions to implement local government programs.

❖ **CARITAS INDIA:- Enhanced Food and Nutrition Security of Musahar Communities by strengthening household level food and nutrition sufficiency and functionalizing Public Health and Nutrition Systems.**

The program therefore will relate to four main concerns viz (i) Strengthening/Creating household-level food production and livelihood systems, (ii) Increasing representation in local governance and good governance systems (iii) Functionalizing Public Systems and (v) Improved standards of Water and Sanitation and Hygiene. As per the strategy (given above as a diagram), malnutrition and hunger will be addressed with a multi-pronged strategy which will seek to create household-level food sufficiency and creating participatory governance which in turn will ensure public systems function well.

Program Performed

EC- EIDHR:-

Securing the rights of minorities and people affected by caste-based discrimination in four states of India

Executive summary of the Action

The action aligns with one of the main objectives of EIDHR on protection of human dignity and fighting discrimination in all its forms. The action strengthens the capacities of Dalits, DNTs and Muslims (including the most backward Muslims), and especially women amongst these groups in accessing justice, and basic public services. This project Supported by European Commission and Action Aid Association has been implemented by Prayas Gramin Vikas Samiti (PGVS), Patna. The PGVS are working these project areas in the 50 villages in Patna and Vaishali and overall Bihar we work for Fact finding missions, Monitoring of atrocity cases and Victim support for rehabilitation.

Activities perform

- **Quarterly Project Review meeting:** - The project review meetings were organized at PGVS Office. We briefly discussed on project activity plan, problems faced by HRDs in fact finding, reporting format, compilation of documents and files, victim support, social security schemes, and budget. The task assigned to the HRDs and all concerned person to focus more on the monitoring of the cases.
- **Leadership Training for HRDs:-** A total number of 8 leadership training for Human Rights Defenders have been carried out under EIDHR project. In conducting leadership training for Human Rights Defenders we always incorporate people from marginalised sections with more focus on women from these marginalised communities.
- **Monitoring of atrocity cases:** - Monitorings are done by the PGVS through physical meeting with victim/ victim families members, government officials of law enforcement agencies (Police officials, public prosecutors), District level quasi-judicial bodies. Sometimes monitoring are also done over phone conversation, with the engagement of local HRDs , ally CBOs. In 2019, 35 cases got monitored in which

10 cases are rape/ gang-rape, murder-8, Harassment- 4, Dalit atrocity- 7, Mob lurching- 2 and 4 cases are land related dispute.

- **Annual campaign and advocacy activities:-** Annual campaign on SCSP and land rights held between 26 November to 4 December- 2019. The campaign held in 5 districts of the state. The campaign mainly focused on Special component plan and homestead land for land less dalit community under ABHIYAN BASEARA. The annual campaign started from on the eve of constitution day 26 November from Jyotiba-phule premise, Patna. During annual campaign on SCSP and land rights meeting are being organized with targeted groups at three different levels in each district. At panchayat level, meeting are conducted with the help of local people and given information about special component plans and different provisions of the plan. At Block level and district level meetings are organized with the help of CBOs and like minded people who are involve or working on the issues of land rights for a long time. The meeting conducted at district level are also attended by PRIs members and targeted communities. Information for effective utilization of the special component plans at ground levels are also given to all the participants. A meeting of dalit community and CBOs are held in Patna on 26 December where people across the state participated in the meeting claiming rights specially homestead land. In this meeting ministers, MLAs and representatives of different political parties attended and heard the voice for land rights of the marginalised community.
- **Advocacy meetings with government and media:-** Advocacy meeting with government and media also held in 6 districts of the state. The meeting for advocacy of dalit minorities and women who are facing discrimination on the basis of caste, religion and gender are the core agenda of the meeting. Atrocity cases being followed up by the RRC and ally PGVS are put forward before the government officials and media personnel of the particular districts. We also put the status of the atrocity cases of the particular district and challenges faced by the victims and human rights defender in accessing justice. Importance of role of media personnel and government in accessing and rehabilitation also visualized in the meeting.
- **Support to core group of 40 HRDs :-** 10 HRDs have been identified for supporting their actions they are being supported with travel and contingency every month against the field actions they are conducting. So far 52 petitions have been filed by the HRDs on various districts on improving services of PDS, Health Centres, Schools and ICDS. They are supporting the fact finding mission of the RRC as well as conducting separate fact finding missions independently. They meet to the Police Officials, BDOs and Circle officials relate to case on violence, non-functioning of institutions and land allocation to the landless communities. These core group of 10 HRDs work as bridge between community and central team.
- **Capacity development of community support groups by the HRDs :-** HRDs conduct regular meetings with the Community support groups and make them aware about the various laws and schemes made for the Dalit and Muslim communities. The Community support groups also help the larger communities in participation of Gram Subhas School management Committees and time to time monitor the ICDS, Schools and PDS in their respective areas. They also support the community in consulting police in case of any violence. A total number of 25 capacity

development programmes were organized for community support groups by the HRDs in Vaishali and Patna district. In these trainings approx. 1600 individuals are provided capacity development trainings of which 80 percent are female participants. The participants are given information over government schemes accessibility, SCST prevention of atrocity Act, SCSP and land Rights.

- **Fact finding missions on crimes against Dalits, Muslims and DNTs :-** In 2019-2020 a total number of 40 cases of atrocity against Dalit, Minority and Women have been carried out by RRC and PGVS with presence of HRDs in 35 cases combindely. The participation of the HRDs in atrocity cases are following (Aurangabad-04, Patna-04, Vaishali-04, HRDs) in the first quarter.(Nawada-1, Jehanabad-1, Nalanda-1, Aurangabad-02, Patna-04, Vaishali-03, Munger-1) in second quarter. (Gaya 2, Vaishali-2, Danapur-3, samastipur-02, Nalanda-03, Saharsa-02, Vaishali -4) in the third quarter. Mohammadpur W.Champaran rape and fire burn- 3, Kangali abduction and Rape case- 3, Nalnada gang rape and viral video case – 4, Gaya minor rape case - 2) in the fourth quarter.
- **Track discrimination in services- compilations by HRDs, :-** One case of discrimination was tracked by the RRCs in Vaishali district during monitoring of case in the same district. In a PDS shop people from dalit community are not provided grains on a monthly basis. The distribution happens once in two to three months and even after they are given grains in less quantity and bad qualities. After this a meeting of the people majority of which are women held in the village where HRDs and coordinators collected the details of the victims. After few days HRDs and coordinator along with villagers met with the PDS worker and complained about. After that he assured that he will provide good quality grains in appropriate quantity. In monitoring of the discrimination we have found smoth distribution of the grain to the affected victims.
- **Advocacy with government and media on SCSP and MSDP :-** Advocacy meeting with government officials and media personnel have been carried out from 26 November to 4 December -2019 in 6 districts of Bihar namely Samastipur, Muzaffarpur, Darbhanga, Madhubani, Sitamarhi and Motihari. The meeting mainly focused on different welfare plans for schedule caste under Special component Plan. Major provision of the centre sponsred plan also discussed with the participants. The major issues of the marginalised communities for example homestead land, housing, health, education etc could be tackled with effective implementation by the government officials and by making accessible to the marginalised communities (SCs). The role of government officials in implementation of the scheduled caste component plan is of great importance. Many ministries and deoartments have abundance of funds which if realeased for the SC, the basic needs could met with and condition would be improved, The importance of media for spreading the awareness about the plan for the last corner of the countrymen are also discussed with media personnel.The media could be a stimulus in spreading awareness hence could be more accessibility of the dalits which lead to improvement of the condition of these marginalised communities.
- **Awareness raising on basic public schemes/services :-** 40 awareness campaign on basic public services held in 2019 in different villages of Patna and Vaishali districts in which more than 1600 people from the targeted groups participated of which about

80 percents are women. The awareness campaign raises on basic schemes and service of the government for example ICDS, PDS, Health schemes (JYY, JSSY etc.), education etc. The awareness campaign in the selected villages are carried out with the help of core group of HRDs and coordinators.

- **Facilitating access to schemes for the communities :-** People from marginalised communities are facilitated access to schemes by the project team members and HRDs. In last week of October **Act for scholarship Camapign** for students were initiated in which students from minority community are facilitated for applying NSP in 3 different blocks of Patna district namely Phulwari, Murgiyachak, Sampatck. Nevertheless **596 women from marginalised communities are facilitated in applying for land.**
- **Victim support for rehabilitation:-** In Vaishali, minority head shave case victim family members are provided travel support for meeting state level authorities and filing complain and seeking legal support.

(CASA) Church's Auxiliary for Social Action:- Strengthening of marginalized community for sustainable livelihood through rights & entitlements

CARITAS INDIA:- Enhanced Food and Nutrition Security of Musahar Communities by strengthening household level food and nutrition sufficiency and functionalizing Public Health and Nutrition Systems.

Executive summary of the Action

The project is Enhanced Food and Nutrition Security of Musahar Communities by strengthening household level food and nutrition sufficiency and functionalizing Public Health and Nutrition Systems. Caritas India has been implemented by Prayas Gramin Vikas Samiti (PGVS), Patna. The Suposan project work area is 15 villages of Kahara block at Saharsa District. The Project area is approx 35 KM distance in form Saharsa District. Eighteen wards are selected from these 15 villages. The PGVS team were interact or discuss in each village for our Mission Vision regarding Suposan project. The PGVS team had formation of MATA samiti in each village, in this samiti has 20 persons involve. There have Core Committee member one is President, second is Secretary, third is Treasurer and other are involve in members. There had also formation of Kishori Samuh in each village, in this Samuh has 10 to 20 persons involve. There have also Core Committee member one is President, second is Secretary, third is Treasurer and other are involve in members. There had also formation of community Development Committee in each Village, in this committee has 20 persons involve. There have also Core Committee member one is President, second is Secretary, third is Treasurer and other are involve in members. So the Suposan project has been total 45 collective group formations by Suposan, PGVS team. The Progress Result is in Suposan project, All Collective members and group are doing monthly meeting with the help of PGVS team.

They were discussing together regarding their issues, Village Development Plan, health and hygiene, Legal Documentation drive, Capacity building, Strengthening of CBO's and all government schemes.

The team members were social mapping and PRA exercise completed in 15 villages at Kahara Block of Suposan Project Area.

Activities perform

Specific objective 1: Improved food and nutrition security through increased knowledge of Government programmes, and behavior change to functionalizing participatory governance systems and alternative livelihood support services.

1.1.Improved coverage of pregnant and lactating women, and under5 years children at ICDS centres to arrest malnutrition

Quantitative Progress

- Number of women oriented and opting for institutional deliveries and benefits oriented and 16opting for institutional deliveries and benefits.- 76
- Number of trained birth attendants accompanying pregnant and lactating mothers pre, during and post pregnancy- 47 Mata Samiti
- Number of trained traditional healers referring SAM child to NRC/advising on MAM-12
12 (5girl &7 boys) children admitted in NRC and relief after 15 days or good health fitted.
- Number of pregnant and lactating women are enrolled at ICDS and receiving a range of nutritional and healthcare entitlements under ICDS services -53
- Number of women opt for institutional delivery (to claim post-delivery entitlements)- 34
Yes they had got full entitlement of JSY.
- Number of women secure regular ANC and post-natal checkups by ANW workers-06

- Number of households opting for and using home based nutritional practices/solutions for under 5 children -00 we had trained on home based nutrition practices but they should not apply in home because they have economical issues.
- Land/space for main ICDS centres and mini-ICDS centres allotted by local governance ?-01

Qualitative Progress

The PGVS team aware and regular meeting with Mother collective on ICDS services and importance of institutional delivery & their scheme benefit, issues of child birth certificate which important for future, regular benefit of immunization in the ANW centre as well as hospital in free of cost.

1.2.5000 Mahadalit households trained in landless farming initiatives have improved availability of nutritious food round the year

Quantitative Progress

- Number of households able to acquire land for collective cropping/vegetables and fruits cultivation - 52 Some of people have cropping on sharecropping, Patta, lease of land lord.
- % of land brought under crop cultivation/ demonstrable plots; - 64bihga. sharecropping, Patta, lease
- Number of households have increased vegetable availability with nutrition gardens in their homesteads; - 39
- Number of households receiving regular food grain supply from PDS (thereby save expenditure on buying food from the market, as done by 96% HHs- use that for education and other emergencies) - 256

Qualitative Progress

The PGVS team planning with collective member on agriculture or collective farming, so they idea comes from the collective that we acquired land for it, like taken land on lease/patta and sharecroppers with collectively farming but the collective member decide and taken land on lease individually. The result is more and more crops yield in agriculture and also vegetables yield in kitchen garden for well nutrition. We had planning from both side for providing seeds.

1.3.Improved demand for public services by SC community members through collective actions

Quantitative Progress

- Number of families receiving timely, regular and entitled quantity of subsidized rations under Targeted Public Distribution Scheme - 256
- Number of HHs switching to public healthcare facility from PHC and sub-centres (of 55% seeking private healthcare facility)– 108 (approx)
- Number of households that have secured land and titles under Abhiyan BaseraYojna, 2014/other land allotment scheme of the State – 52

Qualitative Progress

The PDS system not functioning in this year or stop to new ration card issues but we have all ready make of 256 families and they received PDS. The PGVS team regular meeting and aware on government scheme process on PDS and Health benefit. We also help or facilitated for scheme assessed on Public Distributed System & health so more collective member taken benefit on it.

Specific objective 2: Improved educational outcomes (*enrolment, retention, classroom performance*) of SC children

2.1. Effective, timely and regular early childhood care for under-5 children as per ICDS programme

Quantitative Progress

- Number of Under 5 children securing regular and timely early childhood care, pre-primary education and nutritional entitlements -146
- Number of children receiving regular vaccinations -207
These children are all ready enrolled in previous but only 6 children enrolled in this year so the MIS has details of 6 children.

Qualitative Progress (0.5-1 page):

The PGVS team regular and timely facilitated for children's vaccination in ANW centre or govt. hospital so we regular aware or monitoring of both collective and Government officials. Mata samiti and Kishori smiti both had awareness on collective group and also facilitated to vaccination or nutrition of child or mother who have need for help.

2.2. All school-age children of age group 6-14 years are enrolled/re-enrolled and retained in age appropriate classes and recording improved learning outcomes

Quantitative Progress

- Every hamlet gets the tola sevak appointed through community demand and actions - 07
- Status of children's retention and regular attendance to schools -465 each CIEC centre has maintained of attendance register so we tracked from attendance.
- How many School Management Committees are functioning as per their mandate - 05 this data is correct but MIS have mistake.
- How many SMCs have SC parents and children members as per stipulated composition-17 we should not find out of cast wise only find of SC community wise.
- Number of School Development Plans developed having influenced at least one decision concerning specifically SC children in particular - 01 Bariyahi school has not present of more children from SC group so Rajiv Ranjan or PGVS team aware of collective in school radius then more children enroll or came for education.
- Status of school-age children being spot fed under mid-day-meal service at schools - 465
- Number of children secure educational entitlements as under RTE Act- 465
- Number of cases where child marriages were successfully discouraged- 00

Qualitative Progress (0.5-1 page):

The PGVS team motivate and meeting with Education officers or PRI from Tola level to District level for better education of children. We also regular meeting and monitoring with school committee for functioning of school, mead- day-meal, health and education timely or regular.

SC community are involved in SMC but they are not functional only work on paper.

2.3. At least 80% girl children will have gained access to Menstrual Health Management (MHM) to help reduce barriers to learning and enhance their overall health¹.

Quantitative Progress

- Number of adolescent girls attended training on WASH and MHM- 76
- Number of women attended training on WASH and MHM- 127
- Status of reduction in menstruation induced school dropout
Now at the time most of the girl child presents 90% in the school in menstruation due to safety and pad provide by the school.
- Status of increase in the regular attendance of girls in schools
All of girls are attending 90% regular in the school. We track through CIEC centre .
- Status of schools have improved availability of functional infrastructure and knowledge on water, sanitation and hygiene in public schools
All schools have developed of infrastructure like water, sanitation and hygiene but 60-70 % schools are in the functionalized. 12 school functionalized out from all 14 school.
- Status of Community members contribute for the construction of water/latrine facilities
No, there have no any contribution by community member for the construction of water/latrine facilities due to government worked itself. 12 school

Qualitative Progress

221 girls assessed sanitary napkin from the school under the project area.

The PGVS team provides training of adolescent girl on wash and MHM for safety or precaution regarding health now they use sanitary napkin at the time. We also facilitate for providing napkin from school side which is provided by Government rule. We also facilitate for school infrastructure management and monitoring it.

193 Adolescent girls visited at ICDS centre and also received IFA tablets from ICDS but not meeting at the centre.

Specific objective 3: Improved representation and participation of SC members in decision making and development planning, implementation and review processes

3.1 Population proportionate representation of SC members in Gram Sabha and Ward Sabhas, and other positions in decision making

Quantitative Progress

- Number of SC members are active members of the Gram Sabha quorum - 33 all are from mushar community

- Number of SC participants participated in Ward and Village Development Planning for achieving quality food and nutrition, livelihood support and educational services from public systems. – 600 (Approx) all are from mushar community
- Number of Ward Development Plans (WDPs) developed where SC members have influenced at least one decision concerning them as a community; - 02 Mushar community demand of Stage and mini anganwadi
- Number of VDPs prepared where SC members have influenced at least one decision concerning them
There have 3 VDPs prepared or demands mini anganwadicentre, community stage and public school. Mushar community demand of Stage and mini anganwadi
- Number of entitlements secured by members in Gram Sabha on matter of livelihood support, food and nutrition, and education particularly
No any provider of these facilities. No any information provide about Gram Sabha only one panchayat have inform which have demand of mini anganwadi.

Qualitative Progress

The PGVS team regular meeting on Village Development Plan with target group for making plan then ward member registered in gram sabha of our Plan. Specially at the time under 7 nischayojna implemented in villages special in musahar community. They also make plan for employment in MGNREGA work, school infrastructure etc.

3.2 At least 250 CBOs of (5000) SC members will have been functionalized to act as people's support group for activating public education and healthcare systems in a focused manner.

Quantitative Progress

- Number of village level statutory committees will have been revived /activated and strengthened (Social Justice Committee, Village Education Committees, Child Protection Committee, Social Justice Committee, Village Health, Sanitation and Nutrition committee (VHSNC)-
- Status of PRI undertakes at least 1 training sessions for community during programme period on Right to Education and aspects of Health and Nutrition
2 training attend PRI member on Right to education, Health and Nutrition through related government officials for government scheme books, dress, midday meal, vaccinations treatment etc.
- Status of CBOs have activated and are utilizing Gram kachahris at the Gram Panchayat level in matters of justice)
No activate and full functionalize of Gram Kachahri because direct register FIR.
- Number of Volunteers with legal aid are capacitated and functionalized for raising legal issues of SC community.
30 volunteer capacity building and function under villages for legal issues finding or solved through documentation of SC. Yes these are from CNHVs

Qualitative Progress

The PGVS orientation of collective member or regular meeting with village health and sanitation & nutrition committee on health & hygiene, keep clean around, make good climate etc. for good healthy. PRI member and Govt. official support for making good climate and good healthy.

All committees are formed by government and Gram Panchayat but at the time not functional in ground level only worked on paper, the mahadalit community efforts on all committees but results do not come out, the PGVS continues advocacy with government and PRI for all issues which is under process.

Specific Objective 4: State and district level people's alliances for influencing public programmes and policy impacting SC communities

4.1. At least 60% members of CBOs have been capacitated to engage with district and state level networks working on Dalit rights and development, food security and right to education, respectively, to strengthen their implementation for them by addressing systemic gaps

- Please explain the status - Mahadalit leaders raised to represent the communities' demands and aspirations to civil society and Government on health and nutrition security, education, and rights and entitlements - Yes, mahadalit leaders raise and demand of Middle School open in village, Community stage and mini anganwadicentre so these are also under process.

4.2. Mahadalit People's Collectives have converged with state level networks working on food security, land rights and right to education for enhancing.

Quantitative Progress

- Number of CBOs at village levels, federated at Block and district levels raised and are undertaking campaigns and dialogue on issues of common concern at State level - 43 participants in Patna state level on issues of Home Stead Land and SCSP (special component sub plan) demand of making law or process for implementation.
- Number of CBO members participating and converging in district level actions with other Right to Food Campaign, Right to Education Forum, Dalit Adhikar Manch, pursuing common demands and concerns; -107 participants in Saharsa at District level on issues of Land, PDS, Health Card, Education and scholarship implementation.

Qualitative Progress

Yes, The PGVS team federate block level to state collective under Dalit Adhikar Manch at last time in December 19 campaigning in all districts on Land Act. Implement, SCSP implement. We also aware and campaign on Right to food, education, health and nutrition etc.

Tangible quantitative

Case Study

Prayas Gramin Vikas Samiti is working in Murli Basantpaur Panchayat of Kahra Block under Saharsa district on *SUPOSHAN* with the support of CARITAS India.

Prayas & Caritas team organize awareness meeting on malnutrition time to time in every working area with targeted community and teach to all community members to keep safe from malnutrition to them with their children.

In this way, a surveyed by Prayas & Caritas team to collect data of malnutrition among the target group. There are some cases of malnutrition found by the survey team. Their living style is very dirty in fooding. They did not wash their hand before fooding. And not understood about disadvantages of these.

After that the team member told to those families about losses of suffering malnutrition and how can to treat this. They said that NRC center is available in District hospital, Saharsa and you will have admit your child 2-3 weeks and after that your child will be cure from malnutrition. But, they were not agreed to admit their child in NRC Center for a long days because, they are completely depend upon farm labor and their economical condition is not better so they did not want to admit.

But, the team of Prayas & Caritas told them again and again to admit their child and benefit after discharge from there then they agreed to admit and one day, they admitted their children in NRC Center at District Hospital, Saharsa.

The children were admitted in NRC Center on 28/02/2019 and after recover children's health within 13 days, discharged on 13/03/2019.

The present situation is very good and both children are better from earlier. The parents of children are very thankful to Prayas & Caritas team to give knowledge about malnutrition and how can treat this. They said that now we understood about the importance of cleanness and how can our hygienic living style will be improved. And we are ready to send another child in NRC Center who suffers from malnutrition. Children details are below:-

Child name	Age	Sex	Mother name	Father name	Address	Height	Weight	M.U.
Rohan Kumar	1 Yr	M	Fulkumari Devi	Umesh Sada	Vill- Mahidagra Ghat, Panchayat- Murli Basantpur, Block-	63.3 cm	4.7 Kg	9.5

					Kahra, P.S.- Banganw, Dist- Saharsa			
Radhika Kumari	1 Yr	F	Runia Devi	Amarjit Sada	Vill- Mahidagra Ghat, Panchayat- Murli Basantpur, Block- Kahra, P.S.- Banganw, Dist- Saharsa	63.3 cm	5 Kg	11.5

Major learning's

The all project has a Government schemes and Social security Awareness Approach and focuses on enhancing the understanding of all project staffs, volunteers and leaders of DAM for inclusion of Dalits in Social, Economic Spheres of Society. Besides, the project is taking efforts to create an organized structure of DAM from village to state level by formation of Committees of DAM at villages, Panchayats, Blocks, Districts and State levels.

Challenges

- Lack of willingness and livelihood of backlash by the land owning community.
- Mushar community attends meeting or training but if they attend and learn then them loss one day wages so this is effect on their livelihood.

आठवां-नौवां दिन

- लक्षण और बदतर
- बुखार से अस्त व्यस्त
- बहुत ज्यादा खाँसी
- साँस लेने में परेशानी

सातवां दिन

- तेज बुखार (37-38 डिग्री सेल्सियस)
- बलगम के साथ ज्यादा खाँसी
- शरीर में दर्द, टूटन
- उल्टी, दस्त

छठे दिन

- हल्का बुखार (37 डिग्री सेल्सियस)
- गीली या सुखी खाँसी
- साँस में तकलीफ
- उल्टी, दस्त

इस समय आपको खून की जाँच और छाती का एक्स-रे कराना चाहिए कि कहीं आपको कोविड-19 का संक्रामण तो नहीं है।

कोरोना वायरस से बचाव

1. दिन में बार-बार साबुन-पानी से अच्छी तरह हाथ धोएँ।
2. गर्म पानी में नीबू डालकर भी हाथ धोया जा सकता है।
3. बार-बार या गंदे हाथों से अपनी आँख, नाक और मुँह को ना छुएँ।
4. जहाँ तक संभव हो भीड़-भाड़ वाले जगहों पर जाने से बचें।
5. भीड़-भाड़ में जाने से पहले अपने चेहरे को मास्क से अच्छी तरह ढंक कर रखें।
6. मास्क के जगह पर सुती रुमाल का भी इस्तेमाल किया जा सकता है।
7. सर्दी या खाँसी से पीड़ित व्यक्ति से कम-से-कम 1 मीटर की दूरी बनाए रखें।
8. यदि आपको खाँसी या छींक हो रही है तो खाँसते या छींकते वक्त अपने मुँह को कपड़ों से ढकें।
9. किसी से हाथ मिलाने के बजाय दूर से ही नमस्ते या प्रणाम करने की आदत डालें।
10. पीने के लिए गर्म पानी का इस्तेमाल करें।
11. गीले कपड़े को घप में अच्छी तरह सखाकर पहनें।
